

MORE THAN JUST
A PHONE SERVICE

Getting a business phone service reminds us how screwed up phone companies really are. They generally want to sell you a bundle, tons of expensive equipment or a bunch of features you don't really need. This works for them, but not for you. RingByName is different. Our revolutionary platform helps you use phone power to build relationships. And it works on your landline phone, mobile phone and desktop simultaneously. Our prices are different too. They're low. With no hidden fees or charges. That's a difference you can take to the bank.

RingByName wants to be your business phone service.
The way we see it, we're in this together.

RingByName™

Way more than a business phone service.

FEATURES

RingByName has a ton of cool features all designed to make your business work better. Here are a few of them.

HELPS YOU PROJECT THE IMAGE OF A FORTUNE 500 COMPANY

With all the features and functionality of a super sophisticated Enterprise quality phone system, RingByName makes you look big. So whether your firm has one employee or thousands, your phone service will represent you well.

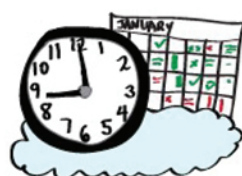

GREETES YOUR CONTACTS BY NAME

Once a caller uses RingByName and has been identified, he or she is greeted by name. This means personalized attention to customers and potential customers.

REMEMBERS WHO THE CALLER SPOKE WITH LAST

This is pretty logical but next to no one does it. We think it's a powerful way to build relationships, not just take calls.

KNOWS YOUR OFFICE HOURS AS WELL AS TEAM MEMBER AVAILABILITIES

What a concept. Using a phone company to route calls to people when they are there.

TREATS CALLERS ACCORDING TO HOW YOU DEFINE THEM

This means callers can be screened as VIPs, normal callers or even caller you want to block or blacklist.

PROVIDES A PERSONALIZED ANSWERING SERVICE

Use a pre-recorded message. Record your own message. Use standard on-hold music or add your own tunes. It's up to you.

INTEGRATES WITH ALL LEADING BUSINESS CRM AND SOCIAL NETWORKING TOOLS

That includes salesforce.com, SAP, Facebook, LinkedIn and many more.

WORKS SIMULTANEOUSLY ON YOUR LANDLINE, MOBILE DEVICE AND DESKTOP

This helps you stay in touch no matter where you are in the world.

MAKES YOUR TEAM MORE EFFECTIVE WHETHER IN THE OFFICE OR ON THE ROAD

That's because RingByName creates a single company wide database that keeps track of all inbound and outbound contacts.
